It is with a great sense of accomplishment that all of us involved in MRG can look back on the fiscal year ending June 30th, 1994. The combined dedication, hard work, and political vision of our donors, grantees, Board of Directors, volunteers, and staff have produced major gains in MRG’s ability to support Oregon’s progressive, grassroots organizations. This is good news for MRG, and it’s good news for the progressive movement as a whole. As MRG continues to provide increased resources for grassroots activism, we are better able to fulfill our mission of serving as a catalyst for Oregon’s social-change community.

A major leap in MRG’s organizational growth occurred with the launch of MRG’s Endowment Campaign in October of 1993. The campaign’s goal is to raise $1 million to underwrite ongoing operating costs of the foundation, which will result in significantly more money for grants from our general fund. By the end of June, 1994, MRG had received $800,000 in gifts and pledges for the endowment! The incredible generosity of MRG’s donors has been a source of inspiration to all of us. The beginning of an MRG endowment, combined with MRG’s share of the Funding Exchange’s national endowment, has already made it possible for us to rapidly increase the amount of money available as grants to better meet the needs of progressive activism in this state.

In fiscal year 93/94, MRG gave out a total of $366,800 in grants to progressive groups working on a broad spectrum of social-change issues. Our total grants include $177,800 in grants given out through our regular, activist-controlled process, as well as $189,000 in additional grantmaking programs (e.g. donor-advised grantmaking). Our activist-controlled grantmaking was supplemented this year by $20,000 from our Anti-Bigotry Fund, which was established to temporarily augment MRG’s historical commitment to this critical work. In addition, MRG’s Critical Response Grants provided timely support for many unanticipated organizing opportunities. We hope you’ll take some time to read about the work of our grantees in the following pages. Their work is more than an inspiration and cause for hope — our grantees are truly creating change that will result in more socially, economically, and environmentally just communities.

MRG’s growth over the past few years has created a unique opportunity for us to reflect on our history as an organization, and to implement changes that facilitate our work of supporting progressive activism. In January, 1993 MRG hired a half-time Outreach Coordinator to increase our accessibility to new grantees and donors. At the same time, we have been revamping our grantmaking to facilitate the distribution of our increased resources and keep our application process as “user friendly” as possible.

In the spring of 1994, we raised our maximum grant size to $6,000 and began planning for an increase to $10,000 maximum grants for the fall of 1994. We are tremendously excited by our expanded ability to provide an appropriate range of grant support to progressive organizations in this state — to emerging activist groups with modest needs, and to more established groups whose scope of work requires greater financial resources to move their work forward. This increased grantmaking flexibility has been warmly embraced by Oregon’s social-change organizations: the spring of 1994 saw a 40% increase in proposals over the previous two spring funding cycles — and our total grant requests represented four times the amount of grant funds available. Clearly, MRG’s ability to provide increased resources is critically needed.

As we look back on this year, we wish to thank everyone who made so much good work possible. Truly, we are laying the groundwork for a permanent base of support for Oregon’s progressive movements. We look forward to continuing this work together in the coming years.

GENERAL FUND DESIGNATED GRANTEES

MRG has several programs that contribute toward the awards made to our regular funding cycle grantees. These groups receive their designations following their selection as funding cycle grantees by the MRG grant-making committee. They are supported by contributions to the MRG general fund for the purposes described below.

ANTI-BIGOTRY FUND

A seed gift from the former No on 9 Campaign was given to MRG to begin an Anti-Bigotry Fund that would serve as a resource to continue the work countering all forms of prejudice in Oregon; the money raised by MRG for this effort supplements our longstanding grantmaking for human rights by providing additional funding at this critical time in our state. While the groups below are the designated recipients for Anti-Bigotry Fund grants, many other organizations actively engaged in anti-bigotry work received funding through MRG’s general fund this year. The 1993/94 Anti-Bigotry Fund grantees are:

- Anti-Racism Training/Strategizing Committee
- Citizens for Human Dignity
- Coalition for Human Dignity
- Communities Against Hate
- Gorge Alliance for Human Dignity
- The Media Project
- People of Faith Against Bigotry
- Proyecto

MICHAEL SMITH MEMORIAL GRANT

- Northwest Alliance for Alternative Media and Education/Portland Alliance

WEST END FUND GRANTS

Proceeds from the sale of two Eugene food co-operatives created MRG’s West End Loan Fund. The loan fund has been converted to support MRG funding cycle grantees addressing the food-related concerns supported by the loan fund. This year’s West End Fund grantees are:

- El Convenio de Raices Mexicanas
- Portland PCUN Boycott Committee

THE FUNDING CRITERIA

MRG funds organizations that educate and bring people together to work for progressive social change. We support groups challenging the vast social, economic and political inequities around us. Funding is directed toward creating a peaceful, just, and environmentally sound society.

MRG considers proposals for funding from groups that:

- work for progressive social change;
- are located in Oregon;
- are committed to diversity; and
- have little access to traditional funding sources, e.g. United Way, government, and mainstream foundation grants.

Grantmaking is directed toward organizing efforts addressing human rights, economic justice, environmental protection, peace and international solidarity. Within these broad areas, MRG grants are supporting work on concerns including: anti-bigotry, racial justice, domestic violence, homeless rights, community-labor coalitions, HIV/AIDS, reproductive rights, lesbian and gay liberation, ancient forest protection, sustainable economic development, watershed protection, air quality, progressive media, anti-militarism, and self-determination in Central America.

THE FUNDING PROCESS

MRG’s funding process is designed to involve applicants and grantmakers in constructive dialogue, and to assist novice grantseekers in learning about foundations.

Our fall and spring funding cycles each involve four months of evaluation activities. Organizations interested in submitting a funding cycle proposal begin by contacting MRG’s Eugene office to receive an application packet; only proposals submitted by completing MRG’s application form can be considered.

MRG’s grantmaking committee consists of activists with expertise in the issues funded. After evaluating all of the submitted applications, committee members interview each finalist to learn more about their project and to assist them in participating effectively in MRG’s process.

During Presentation Day, which caps our information-gathering efforts, finalists describe their proposed projects to the committee and respond to questions. MRG is one of the handful of foundations nationally that enable applicants to make their case before all of the decision-makers — part of our commitment to a democratic grantmaking process.

Presentation Day is also one of the few opportunities that activists from throughout the state have to come together to learn from each other’s work and to develop relationships that can help to unite the broad range of social change work into a progressive movement.

SERVICES TO GRANTEES

MRG’s support for Oregon’s progressive social change organizations extends beyond our primary mission of providing grants through the funding cycle process. MRG’s services to grantees include:

- SUPPLEMENTARY MRG GRANT PROGRAMS

In addition to our spring and fall funding cycles, MRG has several other grantmaking programs that can be applied to: Critical Response Grants, Travel Grants, and the Lilla Jewel Award. Donor-advised grants are provided by MRG supporters who would like to nominate specific social change groups as grantees. (These programs are described in more detail in the grants section of this report.)

- TECHNICAL ASSISTANCE

In addition to helping groups new to foundations with our grantmaking process, MRG assists grantees in identifying resources that can assist them with fundraising and other organizational development issues.

- LEVERAGING GRANTS

MRG provides references for grantees in their proposals to other foundations and advocates on behalf of Oregon social change groups in contacts with foundation representatives.
MRG is a founding member of the Funding Exchange (FEX), a network of regionally-based social change foundations throughout the United States, with a national office in New York City.

All FEX members share a commitment to funding grassroots groups addressing fundamental, progressive social change. Like MRG, member funds receive contributions from a broad spectrum of donors, and involve community activists as the primary decision-makers.

The Funding Exchange provides resources, networking opportunities and skills development to member funds. In addition, FEX provides services to national donors including publications, conferences, and technical assistance on issues in philanthropy.

In 1992, the Funding Exchange completed an endowment campaign that raised $10 million to help support and stabilize the FEX member funds. This incredible accomplishment provides an important financial resource for progressive activism in the U.S. for generations to come. As a member of the Funding Exchange, MRG receives a share of the income from the FEX Endowment. During the past year, MRG received $30,000 from the endowment. These funds are used to offset MRG’s operating expenses, thus allowing us to use a greater percentage of local gifts for direct grants.

To complement the regional grantmaking of member funds, FEX has several national grantmaking programs which provide additional resources for progressive activism both nationally and internationally. National grantmaking funds include programs to specifically support lesbian and gay liberation, organizing in communities of color, women’s issues, and progressive media.

DONOR INFORMATION

Financial gifts are critical to the success of grassroots organizing efforts in Oregon. Hundreds of Oregonians use the McKenzie River Gathering Foundation (MRG) as their vehicle for providing this support. MRG unites individual visions of what is possible with the work and organizations bringing those visions into reality.

When you give to MRG, your gift joins with many others to create a significant financial resource that will foster and sustain progressive organizing throughout the entire state. MRG donors support the work of the foundation, and the organizations it funds, with annual gifts of from $5 to $25,000. Each gift is important and helps to build a lasting movement for positive and fundamental social change.

People give to MRG's general fund for many good reasons. It is an opportunity to provide seed money to emerging groups and issues. MRG's activist grantmaking committee provides a pool of informed, decision-making expertise second to none. MRG's staff monitors all funded projects, and donors may maintain total anonymity. Donors are able to support many important projects with one gift.

In the past year, the foundation distributed $366,800 in grants ($177,800 through activist-controlled allocations, and $189,000 through additional grantmaking programs). We deeply appreciate the support of our donors that made these grants possible. If you are interested in learning more about MRG and supporting progressive social change in Oregon, please contact one of our offices.

DONOR SERVICES

MRG offers a range of resources and services to help meet particular needs of our donors.

- DONOR-ADVISED GIVING
Donor-Advised giving is a way for MRG donors to nominate grantees or designate a particular field of interest to be the final recipient of their gift. As in any MRG grant, donor anonymity is assured and grants are monitored. MRG staff are available to provide donors with background information on specific organizations or interest areas.

- DONOR POOLS
MRG donors can set up special accounts with the foundation known as "donor pools." These accounts are advantageous to the donor who wants to make a large charitable contribution before they have decided on the interest area or specific organizations they wish to support. Many people choose to establish donor pools in a year when they sell appreciated stocks or real estate that result in significant capital gains. Additional gifts can be added at any time. A donor can transfer gifts from a donor pool to MRG's general fund, and/or nominate fields of interest or other charitable organizations to be the recipients of grants.

- SOCIALLY RESPONSIBLE INVESTING SEMINARS
MRG's SRI seminars draw upon the expertise of leaders in the field to explore practical and profitable means of investing individual assets without compromising social and environmental values.
• INHERITED WEALTH CONFERENCES
These conferences offer a safe place for progressive women and men with wealth to come together and explore personal, technical and political issues specific to their situation.

• FINANCIAL AND ESTATE PLANNING WORKSHOPS
MRG brings in financial and estate planning professionals to teach donors from all income levels about long-term financial planning options and strategies for meeting individual needs and objectives.

• DONOR/ACTIVIST BRIEFINGS
MRG offers occasional briefings on critical social change issues for the donors and activists of our community. Each briefing concentrates on a specific issue, and includes presentations by, and discussion with, leading activists in the issue of concern.

• PLANNED GIVING
MRG staff and advisors are available to assist in identifying and developing long-term vehicles to perpetuate the progressive, charitable goals of individual donors throughout their lifetime and beyond. For specific information about the planned giving program, donors should contact MRG’s Portland office.

WAYS TO CONTRIBUTE TO MRG
MRG’s donors come in all shapes and sizes, and from all walks of life. But they share one thing in common — a commitment to giving and helping to create a more peaceful, just and environmentally sound society.

Whether your financial situation allows you to give $25, $250, or $25,000, you are an important partner in MRG’s efforts to create social transformation. If you’re already a donor, thank you! If you’d like to begin participating in MRG by becoming a donor, here are some of your options:

MRG’S ENDOWMENT CAMPAIGN

In October, 1993 the McKenzie River Gathering Foundation kicked-off an endowment campaign with a goal of raising $1 million by December, 1995. As of June 30th, 1994, MRG had received $800,000 in gifts and pledges to the endowment!

Why an endowment? Working for social change is inherently risky. Groups are born, grow, flourish, or die in direct relation to their financial management and fundraising skills. The McKenzie River Gathering Foundation has successfully navigated these waters for eighteen years. A local endowment is the next logical step for a community foundation that has always taken its responsibilities to donors and applicants seriously. The income from an endowment will make sure our kind of progressive philanthropy continues in Oregon in our lifetime, and in our children’s lifetime.

Endowment income will be used for program and operating costs, making more of the money raised annually available for grants, and raising MRG’s grantmaking ability significantly. For more information about the MRG endowment, please contact MRG’s Portland office.

**NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

(a) **General:** The accompanying financial statements of the McKenzie River Gathering Foundation (MRG) have been prepared on an accrual basis of accounting and in accordance with the standards promulgated by the American Institute of Certified Public Accountants in its' audit guide for voluntary health and welfare organizations. Contributions are recorded when received unless susceptible to accrual. Restricted funds have been established to account for those resources available for use, but expendable only for the purpose specified by the donor.

(b) **Organization:** McKenzie River Gathering Foundation is an exempt organization for Federal income tax purposes under Section 501(c)(3) of the Internal Revenue Code and as a public benefit charity, qualified for charitable contributions under the Internal Revenue Code Section 170.

(c) **Fund Accounting:** To ensure observance of certain constraints and restrictions placed on the use of resources, the accounts are maintained in accordance with the principles of fund accounting. Accordingly, resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with the nature and purpose of such funds. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. The assets, liabilities and fund balances are reported in the following self-balancing fund groups:

- **Current Funds:** include unrestricted and restricted resources available for support of operations.

(d) **Fund Accounting:** MRG allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated by various statistical bases.

(e) **Donated Materials and Services:** MRG records the value of donated goods or services when there is an objective basis available to measure that value. No amounts have been reflected in the statements for donated materials or donated services as no objective basis is available to measure the value of such materials and services.

The Portland office space is rented below the going market rate. Estimated donated value is $3,900 for the year ended June 30, 1994.

(f) **Gifts:** Contributions in the form of assets, such as securities, are stated at the fair market value of the assets at the date of contribution. Fair market value of donated securities is $127,000 for the year ended June 30, 1999.

(g) **Fixed Assets and Depreciation:** Fixed assets are recorded at cost, or at fair market value at date of donation. Depreciation is charged using the straight line method over the estimated useful lives of the respective assets. MRG's net investment in fixed assets is classified in a separate fund, which is included in the current unrestricted fund. Depreciation expense was $5,957 for the year ended June 30, 1994.

Independent Auditor’s Report

To the Board of Directors

McKenzie River Gathering Foundation

We have audited the accompanying balance sheet of McKenzie River Gathering Foundation (a non-profit organization), as of June 30, 1994, and the related statements of public support, revenue and expenses and changes in fund balance and functional expenses for the year then ended. These financial statements are the responsibility of the Foundation’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of McKenzie River Gathering Foundation as of June 30, 1994, and the results of its operations and changes in fund balances for the year then ended, in conformity with generally accepted accounting principles.
