- Community based organization with a 501(c)3 fiscal sponsor
- Tribal government or organization
- For profit organization that provides contractual services like outreach and education
- For profit reproductive health care provider
- Other

PLEASE NOTE: For-profit organizations are responsible for tax implications

Are you able to certify that your program provides or will provide comprehensive, science-based, reproductive healthcare including information about abortion care, birth control, and gender affirming care?

Please provide a brief description of your organization.

Does your organization define themselves as:

- Black-led
- Indigenous/Native-led
- Other POC majority-led
- Not BIPOC-led (this could be a cross racial or multi-racial led organization, but without a majority of BIPOC in leadership positions, staff or communities served)
- None of the above

Organizations provide linguistically specific services through a variety of methods. Please tell us about how you meet the language needs of your clients/patients (e.g. phone interpreter service, client-facing bilingual staff, all written materials are translated, etc.)

Are you a rural organization or do you provide services in rural areas? (If so, please explain more.)

Which counties do you serve?

What type of rapid response project are you applying for? (Check all that apply)

- Abortion funds and other patient support needs
- Healthcare infrastructure and workforce investments
- Reproductive health research
- Community-based advocacy and education

Describe the work for which you seek funding and identify the immediate need(s) and the number of people that will be served. (Suggested length: 300-400 words or 2-minute video/audio upload)

Please provide a brief statement of how your organization applies reproductive justice to your work. (Suggested length: 300 words or 2-minute video/audio upload)

Serving RHEF priority groups

- Our organization is led by Black, Indigenous, Latino/a, Asian Pacific Islander, Middle Eastern, immigrant populations, and other marginalized communities in Oregon (ie. LGBTQ+, disabled, etc)
- Our organization is culturally specific and provides participant culturally responsive programming
- Our organization is expanding or starting reproductive health programming and outreach to rural, Tribal, LGBTQ+, disabled, immigrant communities regardless of immigrant status, and communities of color

Please explain how you're serving the priority groups above.

Please tell us how the priority groups above are meaningfully engaged in your work and how these services will meet their needs. (Suggested length: 300 words or 2-min video/audio upload)

How will you know that your proposed project has been successful? (Suggested length: 250 words or 2-minute video/audio upload.)

We know that impact metrics are often a barrier for community organizations. We want to work with organizations to find the most meaningful ways to measure success for their communities.

Please upload the budget for your proposed project. Projects should be at least \$25,000 but no more than \$500,000.

Please list and briefly describe any partnerships for this project or any collaborations you hope to build out of this grant. (Suggested length: 1 paragraph or 1-minute video/audio upload)

Please provide the name, telephone number and email (and title and organization, if applicable) for one or two references outside of your organization who can speak to your impact in the community or plan for working with RHEF's priority populations.
